

VI International Interuniversity meeting in Phlebology, Lymphology and Aesthetics (Sept 6-9, Albarella Island – Venice – ITALY)

TUESDAY, SEPTEMBER 5

17.00 – 18.00 WELCOMING ISLAND EXPLORUN-WALK

Capo Nord hotel - Run/walk all together around the island

20.00 – 23.00 CHARBALL COMPETITION IN A PRIVATE BEACH

(Mare Vostrum private beach. RESERVATION: info@vwinfoundation.com)

In a private beach on the lagoon, foosball competition and tasting of the wines dedicated to the CHARBALL project: CHARity, CHARdonnay and foosBALL

WEDNESDAY, SEPTEMBER 6

08.30 – 10.00 BASKETBALL vs SOCCER HEMODYNAMIC MATCH

(Albarella Island Sport Center)

International colleagues and the island population are invited for a free basketball or foosball match, according to their preference. The initiative is a funny reminder of the actual common controversy among different strategies in venous disease management: some of us are basketball players, some are soccer players...but this doesn't mean we can not "play" all together nicely.

Registration: info@vwinfoundation.com

11.30 – 12.00 Welcoming light BUFFET

12.00 – 12.15 RULES & NUMBERS OF THE GAME

(Gianesini S, Bottini O, Chi W)

12.20 – 12.40

PHLEBO-LYMPHOLOGY VISION OF THE AUTHORITIES

Noce F (Rovigo Board of Physicians, president)

Morrison N (UIP president), Kabnick L (American Venous Forum Foundation president), Khilnani N (American College of Phlebology president), Ulloa J (Latin American Venous Forum president),

12.45 – 13.46

Venous Disease: WHAT & HOW TO ASSESS

Joint Italian Society of Vascular Diagnostic (SIDV) session

(Avruscio G; Aluigi L)

12.47 - 12.55 Ultrasound scanning for lower limb chronic venous disease (Annoni F)

12.57 – 13.05 Ultrasound scanning for lower limb acute venous disease (Parisi R)

13.07 – 13.15 Pelvic reflux: clinic and diagnostic aspects (Antignani PL)

13.17 – 13.25 Second level diagnostics in phlebology (Kontothanassis D)

13.27 – 13.46 DISCUSSION (Discussant: Ragg JC – Gennari S)

wed, Sept 6

13.46 – 14.46

LECTURES

(Kalodiki E, Simkin R)

13.48– 13.58 Occlusion and reflux at the ultrasound: not a random finding (Labropoulos N)

14.00–14.10 Lymphedema, lipedema, phlebolymphe-
dema: guidelines & evidence (Rockson S)

14.12 – 14.22 High Resolution venous diagnostics: the disease before the disease (Ragg JC)

14.24– 14.34 Venolymp-
hatic malformations: where are we now? what to search & do (Lee BB)

14.36– 14.46 Pelvic congestion syndrome: does one name fit all? (Stoughton J)

14.46 - 15.05 **HAVE A COFFEE...with the experts** (Labropoulos N, Rockson S, Ragg JC, Lee BB, Stoughton J)

15.07 – 15.52

HAEMODYNAMICS: let's warm up

(Jimenez H, Meissner M)

15.09–15.17 Venous Anatomy: from superficial to deep knowledge (Capitani S)

15.19 - 15.27 Lower limbs venous kinetics and impact on drainage direction (Gianesini S)

15.29–15.37 Similarities and controversies among saphenous sparing theories (Pittaluga P)

15.37–15.52 DISCUSSION (Discussant: Kalodiki E; Oberto S)

15.54 – 16.58

HAEMODYNAMICS & ROCKET SCIENCE: let's get professional !

(Khilnani N, Lattimer C)

15.56 - 16.06 LECTURE: hemodynamics laws & contradictions (Lurie F)

16.08 – 16.18 LECTURE: hemodynamics laws & contradictions (Cappelli M)

16.20 - 16.23 Rebuttal (Cappelli M)

16.25 – 16.28 Rebuttal (Lurie F)

16.30 – 16.38 The physicist point of view (Gambaccini M)

16.38 – 16.58 (Discussant: Jimenez H; Mendoza E)

17.00 -17.15

LECTURE

(Lee BB)

17.05 – 17. 15 Venous trauma: from Vietnam to our tomorrow operating room (Elster E.)

17.30 – 18.30 **HANDS-ON.. the aperitif & on Venolymp-
hatic diagnostics**

Joint Session with the Italian Society of Phlebology and Lymphology

(Pagano M, Lurie F, Kalodiki E, Lattimer C, Neuhardt D, Ragg JC, Duesdieker P, Aluigi L, Menegatti E)

(high resolution ultrasound scanning, APG plethysmography.. during aperitif time)

During all the meeting days the ones who will assess more precisely the velocity of a flow injected into a phantom will win a precisely measured Italian suit.

Auspices of

wed, Sept 6 – thr, Sept 7

17.30 – 18.30 HANDS-ON..the aperitif & on Compression

(Partsch H, Mosti G, Tessari M, Latorre A)

Audience is invited to bandage under the supervision of G. Mosti e H. Partsch

During all the meeting days the ones who will get more precisely close to the pressure of 50 mmHg will win a precisely measured Italian suit.

17.30 – 18.30 HANDS-ON..the aperitif & on Wound Management

Joint activity with the Wound healing Master of the University of Padova

(Partsch H, Mosti G, Tessari L, Tessari M, Latorre A, Petrella F)

Ulcer management principles, Advanced Dressing choice, Negative pressure therapy application.

THURSDAY, SEPTEMBER 7

6.00 - 7.00

Island Explo-Run-Walk-biking: northern warm-up

(free participation: all together for a 5 k walk/run to explore the northern part of the island)

7.55 - 9.20

Pretty Damn Quick STATISTICS

(Davies A, Zimmet S)

8.00 - 8.08 Study design and data collection: start off on the right foot (Meissner M)

8.10 - 8.18 Statistics ABC (Volpato S)

8.20 - 8.28 The power of Statistics (Maietti E)

8.30 - 8.38 Making a (good) revision of scientific papers (Davies A)

08.50 - 9.20 DISCUSSION (Discussant: Labropoulos N, Onida S)

09.22 – 09.44

The GOOD literature

(Ulloa J; Antignani PL)

09.22 – 09.28 Indexed Scientific Journals: what an Editor see, what an Editor would prefer to see (Davies A)

09.30 – 09.36 Divulgate Scientific Journals: what an Editor see, what an Editor would prefer to see ! (Elias S)

09.38 – 09.44 Achieving Specialty Status (Zimmet S)

09.46 – 10.05

Have a Coffee... with the experts

(Davies A, Zimmet S, Elias S)

thr, Sept 7

10.07 – 10.58

LYMPHATICS: what to know, what to do

Joint session with the Italian Society of Phlebology – Lymphatics group

(Bussati M, Rockson S)

10.09 – 10.17 The lymphatic drainage science (Zawieja D)

10.19 – 10.27 First and second level diagnostics for lymphatic patients: when and how (Mander A.)

10.29 – 10.37 Myths in lymphedema management (Corda D)

10.37 – 10.58 DISCUSSION (Discussant: Latorre A, Tessari M)

11.00 – 12.28

LEG ULCER: what's hiding there ?

Joint AIUC (Italian Association of Cutaneous Ulcers)

(Mosti G., Petrella F.)

11.02 - 11.10 Ulcer bed: who's not resting there (Mannello F)

11.12 - 11.20 Valuable news in ulcer management (Mosti G)

11.22 - 11.30 Negative Pressure Therapy: rationale & evidence (Greco A)

11.32 – 11.40 Autologous cell grafting: rationale & evidence (Sibilla MG)

11.42 – 11.50 Antibiotics & ulcer: how many mistakes ? (Ricci E)

11.52 – 12.00 Endovenous repair in ulcer patients: why, when and how (Ragg JC)

12.00 – 12.28 DISCUSSION (discussant: Pavei P; La Cavalla D)

12.30 – 12.48

LECTURES

(Mosti G)

12.30 – 12.40 Pharmacologic treatment for venous inflammation: evidence from the bench to the bedside (Mannello F)

12.40 - 12.48 DISCUSSION (Discussant: Gemmati D, Spath P)

12.50 - 13.00 **A drug called food** (Cavezzi A)

13.00 - 14.00

Have a healthy LUNCH

(nutritional luncheon)

14.00 – 16.10

COMPRESSION: published & to be published

International Compression Club Joint session

(Partsch H., Rabe E)

14.02 – 14.10 Must known features of compression (Mosti G)

14.12 – 14.20 Where and how applying pressure in leg ulcers (Partsch H)

14.22 – 14.30 Mathematics models applied to bandaging (Lundh T)

14.32 – 14.40 Compression on the arterial side: enemy or allied? (Mosti G)

thr, Sept 7 - fri, Sept 8

14.42 – 14.50 Compression in acute venous disease: the evidence today (Labropoulos N)
 14.52 – 15.00 Compression in chronic venous disease: the evidence today (Lurie F)
 15.02 – 15.10 Post-procedural compression: a prolongation of the cure? (Lattimer C)
 15.12 – 15.20 A “new” compression device called...”water” (Gianesini S)
 15.22 -15.30 Compliance: (don’t) put the patient under pressure (Morrison T)
 15.32 – 15.40 Evaluating compression: from physics to a good prescription (Chi W)
 15.40 -16.10 DISCUSSION (Discussant: Davies A; Hao Tseng K)

16.10– 16.30

Have a COFFEE with the experts

Partsch H., Rabe E, Mosti G, Lundh T, Labropoulos N, Lurie F, Lattimer C,
 Gianesini S, Morrison T, Chi W, Davies A, Hao Tseng K

16.30 – 17.38

SCIENTIFIC DATA BEHIND THE CVD TREATMENT: where are we going ?

(Fareed J, Agus G)

16.32– 16.40 Thermal Tumescent: efficacy review (Bonè Carlos)
 16.42– 16.50 Latest scientific news from the toy shop (Elias S)
 16.52– 17.08 Evidence based choice of the right endovenous device (Kabnick L)
 17.08- 17.38 DISCUSSION (Discussant: Shaydakov E; Ayala A)

17.40 – 19.00

PRO & CON from allorund the world

(Tondi P, Scuderi A)

17.42– 17.48 To ablate or not to ablate? A soccer game (Gianesini S)(ITALY)
 17.50– 17.56 To ablate or not to ablate? A basketball game (Lurie F)(USA)
 17.58– 18.04 Post-operative ultrasound: I don’t need it ! (KabnickL)(USA)
 18.06–18.12 Post-operative ultrasound: I need it ! (Davies A)(UK)
 18.14– 18.20 Commercially prepared foam: it’s worthy (Morrison N)(USA)
 18.22–18.30 Commercially prepared foam: it’s not worthy (Ulloa J)(COLOMBIA)
 18.30– 19.00 DISCUSSION (Discussant: Rabe E; Aguiar V)

FRIDAY, SEPTEMBER 8

6.00 – 7.00

Island Explo-Run-Walk-Biking: warm-up among the wood

(free participation: a 5 k walk/run to explore the island all together)

fri, Sept 8

07.50 – 09.15

LATIN AMERICA INTER-UNIVERSITY SESSION

Open points in Lymphology

(Latorre A, Rockson S, Antignani P.L.)

07.50 - 07.56 Lower limb edema: a peculiar clinical case (Ovelar J)

07.58- 08.04 Surgery & lymphedema (Regalado O)

08.06- 08.12 Lymphedema patient care in a high demand centre (Bussati M)

08.14 – 08.20 Investigation of the lymph node vein network of the groin performed by multislice
tc and its involvement in primary and recurrent venous insufficiency. (Camici G)

08.22– 08.30 DISCUSSION (Intriago E,)

Open points in Phlebology

(Kabnick L, Ferreira J, Scuderi, A)

08.30– 08.36 Pelvic Congestion Syndrome: known knowns, known unknowns (Kornberg A)

08.38– 08.44 Factors influencing EVLA induced EHIT incidence (Velletaz R)

08.46 – 08.52 Perforating veins and venous ulceration: correct assessment (Pietravallo A)

08.54 - 09.00 Updates on micro-sclerotherapy (Balboni D)

09.02 – 09.10 DISCUSSION (Davis A, Bauzá H.)

09.10 – 10.10

LATIN AMERICA VENOUS FORUM SESSION

(Simkin R, Ulloa J, Morrison N)

09.10 – 09.16 Laser vs Foam Treatment experience in Paraguay (Canata V)

09.18 – 09.24 Hemodynamic impact of the perforator of the popliteal fossa (Pietravallo A)

09.26 – 09.32 Coronaphlebectatica treatment: advances brought by vein viewer (Simkin C)

09.34 – 09.40 Vacuum Assisted Closure: Argentina state of the art (Segura J)

09.42– 09.48 Phlebology in Brazil: Past, Present and Future (Carvalho C)

09.50 – 10.10 DISCUSSION (Martínez H., Chi, W)

10.12 - 10.34

LECTURES

10.12– 10.22 NAO: do you have evidence ? (Ramacciotti E)

10.24– 10.34 News from the animal lab (Diaz J)

10.34 – 10.55

Have a COFFEE...with the experts (Ramacciotti E, Diaz J)

10.55– 12.00

INNOVATION IN ANTICOAGULATION

University of Michigan joint session

(Saviano M, Ramacciotti E)

10.57–11.05 Considerations in DVT risk calculation (Wakefield T)

Auspices of

fri Sept 8

11.07–11.15 Innovations in anticoagulation (Saviano M)
11.17–11.25 NAO: Not Afraid Of them (Ramacciotti E)
11.27–11.35 NAO: Instructions for venous users (Henke P)
11.37–11.45 NAO in complicated cases: what to do (Henke P)
11.45 –12.00 DISCUSSION (Discussant: Moratelli S, Gemmati D)

12.02 -12.45

AESTHETIC PHLEBOLOGY: the last frontier

(Shul M, Santiago F)

12.04– 12.14 CrioLaser CrioSclerotherapy (Miyake K)
12.16 – 12.26 Endoperivenous laser (Crippa A)
12.28 – 12.38 Carboxytherapy: rationale and evidence (Rockson S)
12.38– 12.48 DISCUSSION (Discussant: Rabe E, Ciampa S)

12.50 - 13.00

LECTURE

(Cavezzi A; Conforti P)

12.50 -13.00 What are we eating nowadays ? (Spattini M)

13.00 -14.00

Have a healthy LUNCH
(nutritional luncheon)

14.00 – 14.45

HANDS (& EYES) ON... THE AESTHETICS

Miyake K, Crippa A

Live cases

Discussants (Zimmet S, Pannier F, Barroso G, Ferreira J, Dasil delegate)

14.50 -15.50

SCLEROTHERAPY: the scientific evidence inside the craftsman shop

Vein & Lymphatics association joint session

(Tessari L, Aguiar E)

14.50–14.58 Sclerotherapy safety: what is the evidence? (Frullini A)
15.00–15.08 Sclerotherapy efficacy: what is the evidence? (Cavezzi A)
15.10–15.18 Foam sclerotherapy immunochemistry vs Laser and RF (Whiteley M)
15.20–15.28 Sclerotherapy: news from the lab (Tessari L)
15.30– 15.50 DISCUSSANT (Discussion: Monedero L; Dalla Caneva P)

Auspices of

fri Sept 8

15.50 -16.00

LECTURE

(Gianesini S)

15.50 - 16.00 10 phlebology myths (Meissner M)

16.00 - 16.20 **Let's have a mythological BEER..ops..COFFEE...**with Mark Meissner

16.20 –17.30

Venous World Inter-university Network Awarded papers

(Bottini O, Gianesini S)

16.22– 16.27 Femoral valve as recurrence risk factor after EVLA

(Lifsitz A. – V International Interuniversity meeting winner, **ARGENTINA**)

16.29– 16.34 TBD

(Urbanek T- Rabe E – USA American College of Phlebology winner, **POLAND - GERMANY**)

16.36– 16.41 Interface pressure measurement innovative device

(Tseng KH. – USA American College of Phlebology junior winner, **USA**)

16.46-16.51 Inferior Vena Cava reconstruction for chronic ilio-caval thrombosis

(Guerra D – VIII Simposio Colombiano de Flebologia winner–**COLOMBIA**)

16.53– 16.58 Fish vs Fishing: ulcer management in underdeveloped settings

(Espinoza F. - Global Grant winner - **NICARAGUA**)

16.58 – 17.30 DISCUSSION (Discussant: Chi YW, Rosukhovski D)

17.40– 18.40

VWIN FREE ORAL SESSION

(Bottini O, Chi YW, Gianesini S)

(the winner will enjoy flight stipend & accommodation to 10 international meetings)

17.42– 17.48 first selected

17.50 - 17.56 second selected

17.58– 18.04 third selected

18.06– 18.12 fourth selected

18.12 – 18.40 DISCUSSION (Discussant: Labropoulos N, Lurie F)

18.40– 19.15

VWIN FREE DRINK & POSTER SESSION

Selected posters will be shown in the exhibitor area, during a free aperitif & wine tasting

sat, Sept 9

SATURDAY, SEPTEMBER 9

08.00 – 09.30

INNOVATIONS IN AESTHETICS & PHLEBOLOGY

Dermatologic Aesthetic Surgery International League, vAFI, SIF, SIFCS joint session

(Ebner H, Vettorello G)

08.02 - 08.10 Biodermogenesis: rationale & evidence (Urbani C)

08.12 - 08.20 Carboxytherapy: instructions for users (Cavallini A)

08.22 – 08.30 Cosmetology: don't forget the leg (Tomaselli F)

08.32 – 08.40 Cellulite (PEFS) and localised fat treatment with intradermal localised therapy (IDT) and electroporation using homotoxicological products (Palmeri E)

08.42 – 09.00 Liposculpture: evidence & feasibility (Boriolo P)

09.02 – 09.12 The "Lower Limb Clinic" vision & mission (DASIL delegate)

09.12 – 09.30 DISCUSSION (Discussant: Crippa A; Amendolagine G)

9.30 – 12.45

DEEP VENOUS COURSE

(Zamboni P)

09.30– 11.00

Deep venous system: instructions for users

(Zamboni P; Chiesa R)

09.32 – 09.40 Anatomy review (Capitani S)

09.42 – 09.52 Deep chronic venous disease evaluation and treatment: guidelines (Labropoulos N)

09.54– 10.04 Deep acute venous disease evaluation and treatment: guidelines (Meissner M)

10.06– 10.14 IVUS: state of the art and real need of it (Garcia M)

10.14– 10.22 Pharmaco-mechanical thrombectomy: instructions for users & evidence (Garcia M)

10.24 – 10.32 Mechanical thrombectomy: instructions for users & evidence (Vagnarelli S)

10.32 - 11.00 DISCUSSION (Discussant: Veroux F, Guerra D)

11.00 – 11.15

Coffee break

11.15– 12.45

Deep venous system: the last frontier

(Zamboni P; Veroux PF)

11.02 – 11.10 Correct Central Venous Obstruction Prior to Ablation of Reflux (Kabnick L)

11.12 -11.22 Acute and chronic caval thrombosis management (Luis L)

11.24 -11.34 Thrombolysis: evidence & innovation (Luis L)

11.36 – 11.46 Deep venous selective ligation for chronic reflux management (Gianesini S)

11.48 -11.58 Compliant venous scaffold: a step forward (Veroux PF)

12.00 -12.10 Deep venous valves..opening to the future (Elias S)

Auspices of

12.10 -12.45 DISCUSSION (Discussant: Grego F; Giaquinta A)

12.45 – 13.00

RAFFLE PRIZE AWARD - CLOSING the SCIENTIFIC MEETING –OPENING the PUBLIC VENOUS AWARENESS DAY

(Gianesini S, Sfarich D, Chi YW, Bottini O)

FRIDAY, SEPTEMBER 8

(Golf Hotel)

14.30 -19

PHLEBOLOGY & ORTHOPAEDICS JOINT MEETING

(Prof. Osti L)

SATURDAY, SEPTEMBER 9

(Golf Hotel)

SPORT MEDICINE MEETING

(Spattini M, Beltrami GF)

GOLF & Surroundings

public health awareness along and after 18 holes

AFFWA joint session

09.20 – 11.15 **HEART, NUTRITION & TECHNICAL NOTES**

(Spattini M)

09.20 – 09.28 Opening (Spattini M)

09.30 – 09.45 Athletic preparation: state of the art and innovation (Antoniella D)

09.47 – 09.59 Golf Hi-Tec: do we really need it ? (Dissette A)

10.01 – 10.16 Inside out the Golf & Baseball field: hours of nutritional mistakes (Spattini M)

10.18 – 10.32 16 Inside out the Golf & Baseball field: let's "drive" your heart (Conforti P)

10.34 – 10.44 EMS training: rationale and potentials in Golf & Baseball practice (Vella M)

10.44 – 11.15 DISCUSSIONE (Discussant: Conforti P, Menegatti E)

11.15 – 11.30 free coffee break

11.30 – 13.00 **CEREBRAL & PHYSICAL FITNESS**

(Spattini M)

- 11.30 – 11.45 A Life-style called “GOLF” (Bernardini E)
 11.47 – 12.03 Vitamin D: 12 months per year of sun (Salamone M)
 12.05 – 12.15 Assess & improve the fitness level (Menegatti E)
 12.17 – 12.32 Which and how many muscles to play golf ? (Messina M)
 12.32 – 13.00 DISCUSSIONE (Discussant: Menegatti E, Conforti P)
 13.00 – 14.00 **Golf Hi-Tec:** hands on course (Dissette A)
 13.00 – 14.00 **FREE LESSONS OF GOLF & BASEBALL**

13.00 – 14.00 FREE LUNCH

GENDER MEDICINE

Venous World International Network foundation – AFFWA Joint session

- (Noce V, Spattini M)
 14.00 – 14.05 Opening
 (Noce F)
 14.05 – 14.15 Health right and equal opportunity principle
 (Noce V)
 14.17 – 14.27 Medicine for the Gender: Endocrinolgy and Metabolsim aspects
 (Bernardi AM, national responsible for Gender Medicine – Sorooptimist,
 former chair Nephrology Unit, Rovigo)
 14.29 – 14.39 From Gender Medicine to Medicine for the Gender
 (AgnelloA, vice-president Padova Board of Physicians)
 14.41 – 14.51 (Occhionero G)
 14.53 – 15.03 (Sofar - Aloina V?)
 15.05 – 15.15
 15.17 – 15.27(Santulli M)
 15.29 - 15.39 Breast cancer: future of an early diagnosis
 (Capitani S, prof. ordinario Università di Ferrara)
 15.39 - 15.55 DISCUSSION (Disussant: TBD)

GOLF è SALUTE – Game Over to Leg Failure

Venous World International Network foundation

- (Gianesini S, Frigeri S, FIG and CONI, SKY delegates)
 16.00 – 16.05 Opening
 (Vitale M, University of Parma)
 16.07 – 16.17 Maximizing Golf cardiovascular benefit
 (Beltrami G, Italian Sport Medicine Federation)
 16.24 – 16.34 Minimizing Golf musculo-skeletal damages
 (D'Orsi GM - Isokinetic)
 16.41 – 16.51 Fuel for a 6 hours metabolic round
 (Spattini M - AFFWA)

- 17.03 – 17.13 Professional Golf Association vision & mission
(Macciocchi G)
- 17.20 – 17.30 Institutional considerations (FIG & PGA delegates)
- 17.37 – 17.44 A round along 18 holes of venous circulation (Gianesini S – University of Ferrara)
- 17.44 – 17.55 Game Over to Leg Failure international public health awareness project:
a drug called “GOLF” (Gianesini S – University of Ferrara)
- 18.00 - 19.00 International Game Over to Leg Failure golf outing **PRIZE GIVING**
(raffle prizes for all the participants; prizes will be given by the most renowned
international vascular specialists)
- 19.00 – 20.00 **APERITIF** on the Golf terrace
- 20.00 – **NO STOP: FOOSBALL** competition and **WINE TASTING** during a private beach party

SOCIAL EVENTS& DINNERS
